## **Traffic Systems & Technology Manufacture Partners**

### **Blue Earth EPS:**

Next generation Nickel Zinc Battery Backup systems specifically designed for traffic applications.

### **Camera Lowering Systems:**

Camera Lowering Systems used for CCTV applications which allows the user to lower the camera to the ground for installation and maintenance.

### **Comnet:**

Manufactures Ethernet Switches, Fiber Optic Transceivers, Media Converters and a multitude of networking products designed to withstand the harsh and difficult ITS and Traffic applications. LIFETIME Warranty.

### **Cohu Cameras:**

High performance CCTV Video cameras designed for both Analog / Digital ITS and Traffic applications. The cameras are designed to withstand years of the harsh environments of roadway applications. Leader in HDTV Camera technology.

### **Econolite Group:**

Transportation management solutions which include advanced traffic controllers, ATMS, vehicle detection systems, arterial systems masters, vehicle and pedestrian signals, and traffic control cabinets.

### **Holophane:**

Manufactures lighting systems for commercial, industrial, emergency and outdoor applications.

### **Lumi Trak:**

Sign lighting retrieval systems.

### **MS Sedco:**

Microwave designed products for traffic motion sensors and pedestrian safety.

### **Pelco Products:**

Leader of traffic hardware products for signals, signs, camera, and other critical components.

### **Shannon- Baum Signs:**

Supplier of state, city and federal regulatory signs.

### **Solar Traffic Controls:**

Industry innovator of flasher systems, detector stations, high water warning systems, utilizing both solar and AC/DC power in combination with wireless communications. They thrive on unusual and specialty design projects.

### **Tassimco Technologies:**

Produces cutting edge LED lane control signs and smart driver systems.

### **TraffiCalm:**

Proven leader in the driver feedback signs and traffic calming solutions industry.

### **Transpo Industries:**

Smart solutions provider for roadways, signs and pedestrian safety.

### **TSR Electric:**

Lighting, ITS and Power cabinet supplier.

### **Union Metal DOT:**

Traffic signal poles designed and manufactured for durability, wear and corrosion resistance, and visual appeal.

### **Union Metal Nostalgia:**

Nostalgia Series of decorative lighting and traffic signal poles includes lamp posts and fixtures originally designed by Union Metal at the turn of the last century

### **Union Metal Low Leveling Lighting:**

Distinguished industry supplier of lighting solutions to state and public highway engineers and designers.
